

**Doggie  
POO  
Pick-up, LLC**

*A Weekly Canine  
Waste Removal Service*

*Servicing Connecticut Since 1999*

**D**oggie Poo weekly pick-up service was originally designed to assist the physically and visually impaired. However, time has shown our average customer to be a dog owner who is simply busy with his or her life.

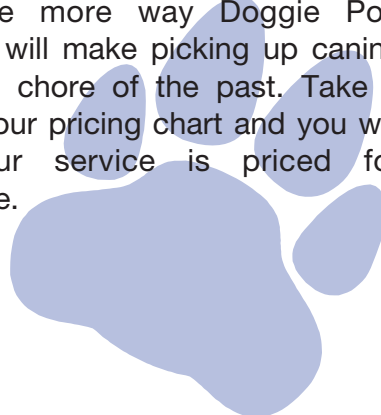

**T**here is no doubt that aside from the distasteful duty of picking up after your dog, it can be hazardous as well. Roundworm, hookworm, and other parasitic worms may be transmitted to children and adults alike. Those who are concerned with stormwater as well as other environmental pollution issues should also take notice.

**"Roundworm, hookworm, and other parasitic worms may be transmitted to children and adults alike."**

**O**ur services are rendered with the dog owner and the dog in mind. Peace of mind is important for the dog owner when you invite us into your yards. Be assured that we are adult, responsible, established members of the community. Also, our concern for the health of your dog(s) is uppermost in our minds. After every service, we clean our utensils and equipment with parvo-virus killing disinfectant. We bring no bugs to your yard, nor do we take any away!

**"Also, Our concern for the health of your dog(s) is uppermost in our minds."**

**D**oggie Poo service includes us removing any accumulated canine waste from your yard and disposing of it. Affordable pricing is just one more way Doggie Poo Pick-up will make picking up canine waste a chore of the past. Take a look at our pricing chart and you will see, our service is priced for everyone.
